Instead we strive to keep yours
running like new!***

David's Auto Central
Quality service Since 1989

While working at a Chevrolet Dealer in Houston, I first toyed with the idea of running my own business while working on friend's cars in an aircraft hanger in the mid 80s. Very nervously at 35 years old, with a wife and two young daughters for support, Auto Central was opened in a leased building on Murphy Rd. Thankfully, within a few weeks I was hiring help and soon thereafter looking for more space.

Now, with the same lovely wife, two grown children, 7 grandchildren and a little (grey) hair left, I am proud and honored to be able to say that we still have many of the same customers that visited us in that first year. Our very first customer returned for service a while back and a few from the 1970s regularly visit!

**We are continually thankful for our
customers friendship and loyal patronage!**

**

**While many things have changed in 30 years, our
goal of providing you with honest, friendly and
professional service has not, and never will!**

David

\$50 off any repair over \$500*

\$75 off any repair over \$750*

**\$100 off any repair over
\$1000***

*Pre-taxed total of parts and labor, excluding
tires, batteries, towing, glass and emission
tests.

As technology improves and engineers work to extend maintenance intervals and squeeze every mile per gallon possible out of a drop of gasoline unforeseen problems frequently arise.

Gasoline direct injection (GDI) engine design leads to harmful fuel deposits on valves. Oil deposits from extended change intervals can interfere with variable camshaft timing valves and actuators. Although you may not notice the subtle changes, your vehicle may not have the “pep” it had off the showroom floor.

BG Products has targeted these maintenance issues and has formulated specialty additives and maintenance routines to address them. We would be glad to explain the benefits of BG Services, additives and fluids as well as their lifetime drive train warranty program.

We proudly utilize **BG Products**

Expanded Services

In the past 29 years we have repaired countless cars and trucks as you might imagine.

This also includes Classics, Antiques, a Bitter, Deloreans, Rolls Royce, Kit Cars, Travel Trailers, Motor Homes, a few Boats, an Airboat or two and even some fabrication on a Sonnerai
(David's experimental Airplane)

We have now expanded our services to *regularly* include tires, motor homes, trailers and travel trailers.

Also on the list are off road modifications, vehicle customization, performance and custom drive gear ratio changes.

We will routinely evaluate our regular services to best meet your needs.

Thank you for being our Customer!
